Productivity Commissioner
Queensland Productivity Commission

Email: [redacted]

Dear Ms Moody

Thank you for sharing the interim findings and recommendations of the Queensland Productivity Commission's (Commission) inquiry into the impact of the Australian Government's 2025 Environment Protection Reforms on Queensland.

I note the Commission will seek further information and evidence from stakeholders before finalising its findings and recommendations. I also note many of the Australian Government's National Environment Standards and other major reforms will only formally commence on 1 December 2026.

Engagement with industry and stakeholders affected by these standards will be important to better assess their impacts on Queensland.

To allow more time for detailed community consultation and consideration of these impacts, I hereby request that the inquiry's final reporting date be extended by 3 months to 13 July 2027.

Should you wish to discuss this request further, please contact my Head of Policy, Ms Karly Abbott, by telephone on [redacted] or by email at [redacted].

Yours sincerely

DAVID JANETZKI MP
